Application for work place - degree project **AAHM10 ASBM01**

As a graduate student you can use a work place in A-building. A place will be assigned as far as possible. The work place can be used one week after fixed presentation date which lies closest after the 20 weeks that a degree project is expected to take.

In case of lack of places, a waiting list will be established. Occassionally, the common tables in multiroom can be used (room 1025).

Send your application to **Helene.Sveningsson@abm.lth.se**
