

Department of Architecture and Built Environment

Application for workplace: degree project AAHM10/ASBM01

As a graduate student you can use a workplace in the A-building for a limited amount of time. A place will be assigned as far as possible, no sooner than after you have been registered to the degree project course.

The workplace can be used one week after fixed presentation date which lies closest after the 20 weeks that a degree project is expected to take.

In case of lack of places, a waiting list will be established. Occasionally, the common tables in multiroom 1025 can be used.

Send your application to programme administrator juvicsa.vela@abm.lth.se once you have registered for the degree project course.

Name
E-mail
Telephone
Course code (AAHM10/ASBM01)
Course start date
Preliminary presentation date
